

ACCESSORISE WITHOUT COMPROMISE THIS CHRISTMAS

With Christmas just around the corner, our days are filled with lists of presents to buy, cards to write and thoughts of what we are going to wear for that special Christmas party. It's very tempting to rush out and buy a new dress but then we have to buy shoes, a bag and accessories to go with it and chances are we'll only wear it once!

Sym Jewellery has a beautiful range of stunning diamond earrings and pendants that are sophisticated and timeless and can change your look and make you feel like the belle of the Christmas ball. Furthermore, if you have a specific idea in mind to go with the theme of your party, why not treat yourself and commission Sym to create a bespoke piece of jewellery individual to you and be the envy of all your friends.

Every girl has a good old faithful little black dress in her wardrobe, so why not dig that out, save money on that impulse purchase, and instead invest in some beautiful jewellery that will not only bring your LBD to life, but can be worn again and again to revitalise any outfit on any occasion.

Renowned for its exquisite ranges, the quality of the gems is second to none and Sym works with many leading designers including Dante Cenci, to create unique collections that can be worn for a lifetime.

Especially for Christmas...

The three colour pearl necklace is a stunning, classical piece of jewellery that combines the three beautifully coloured freshwater pearls interspaced with diamonds, perfect to enhance the décolletage of a plunging neckline and because it is such a statement piece there's no need for other accessories.

If you are looking for something simple, yet beautiful and versatile, Symbi has several collections which include diamonds set in pendants, earrings and rings which can be purchased individually or as a collection to be worn together for a special occasion or separately simply to demonstrate your understated elegance.

Wanting WOW factor?

In contrast and for a WOW factor statement piece, Symbi has the ultimate in contemporary styling with a Rhodium Plated Silver ring with dramatic Blue Topaz and diamonds – also available in 18 carat yellow or white gold, this ring is the must have ring of the festive season.

Sym understands that buying jewellery is a very personal experience and is passionate about helping people make informed choices and purchasing beautifully crafted jewellery of the highest quality. They are committed to buying British and from conflict-free suppliers and are proud to be working with seven of the country's specialist workshops.
